## NEW RESORTS

**Auberge Resorts** recently announced the launch of a new hotel concept, **Solage Hotels & Resorts**, to debut in 2007. Developed by the team behind Auberge Resorts' award-winning luxury properties, Solage will depart from the Auberge model to offer a less expensive, contemporary, design-focused option.

The first resort, the Solage Calistoga, is scheduled to open in spring of 2007 in Napa Valley, Calif. The 89-room, cottage-style resort will feature Mayacamas Mountain views, the Solage Spa, a 130-foot pool and complimentary "cruiser" bikes on the 25-acre property.
